PRINCIPAL’S COMMENTS ……..Paul Jorgensen (Principal)

Today the Girls Soccer team are competing in the Regional Soccer Competition in Sale and we wish them all the best. They have been spending lunchtimes and recess practicing and have worked hard to get to where they are.

Our school will also be participating in the Yinnar and District Basketball competition on Thursday 30th July. This will take place from 9.30 to 12.45. We have entered both a girls and boys team. The boys have begun training at school and hopefully the girls will start on Friday after the soccer competition.

In the next week, a random sample of families will receive a parent opinion survey. This is a confidential survey designed to provide feedback to the school on a range of matters. Your opinions are important to us and will contribute to the future management and organisation of the school. Please take the time to complete the survey honestly and accurately to give us the best information possible.

Again, I remind parents that surveys like this can help us at school but also taking the time to call me or come in to chat about concerns is also a great way to communicate with us. Timely information provided to school can certainly help with the smooth operation of the school and being able to deal with issues as they arise. It is also the best way to get correct information as sometimes word of mouth circulating around can lead to misguided information.

**ART ROOM ANTONICS**

**Term 3 in the Art room……….**
It has been a chilly start to Term 3 and in the Art Room, we dived in and got dotty………. To celebrate NAIDOC Week, we explored a range of Indigenous Artworks before students had a go at their own dot and line painting, using the wrong end of the paintbrush!

During the week I visited the Latrobe Regional Gallery in Morwell. This is a fantastic local Arts resource, which offers a range of free activities and presentations. Finishing up this week is “After 65” an exhibition of amazing Art which focuses on the optical effect of line and colour (the 2 Arts elements we studied first semester). Attached is a program of what’s on at the gallery next month.

The Art elements we are studying this term are **shape** & **form**.

**SHAPE:** the element of art that is a distinct space, having length and width, (2 dimensions); a shape is created when a line reconnects with itself.

**FORM:** element of art that refers to the three dimensional – having length, width and depth.

Drawing inspiration from a variety of traditional and modern Art, students will have the opportunity to create their own sculptures using an assortment of media. Discussing some of these this week, I was very impressed that many students were familiar with not only some of the Melbourne sculptures, but also knew Rodin’s “The Thinker”!!

![Rodin’s “The Thinker”](image1)

![“Abstract Face”, Southbank](image2)

![Who could forget, infamous “Yellow Peril”](image3)

**WANTED**

Clean plastic bottles and bottle tops, steel cans (preferably ring top as they have no sharp edges), cereal boxes and any unwanted buttons or bits that could make our sculptures interesting.
30 minute bodyweight group training program...

Take your body to its max, burn calories for up to 24 hours with only 30 minutes work. Everyone is welcome and encouraged to give it a go, all moves can be modified to cater for all levels.
